

Nature Pledges

Join Chelmsford in making a big difference through small actions!

This year, we're inviting residents to make 'Nature Pledges'. Every little action matters and can have a huge impact on local wildlife by helping to build nature corridors across the wider Chelmsford area.

There are 10 pledges to choose from. Pick those that best fit your space, time and interests. You can take part individually or with friends and family. Got great neighbours? Use your pledges to create a nature corridor on your street!

- 🌿 **Volunteer for nature**
